

Aeromedical Part 1 The stuff We Learned and then Forgot

Hypoxia, Hyperventilation, Spatial Disorientation, Carbon Monoxide, Our Inner Ear, Vision, Drugs, Fatigue and other risk factors that can creep up and harm us! SMC is a nice spacious and comfortable place to Learn, watch some good descriptive videos, and discuss the safety material we all need to know.

Directions: First driveway going south past Airport Avenue (College Dr. - Traffic Light) Southeast corner of KSMO. Located inside the big green four story building on the first floor. Just enter through the front doors, and turn left at the first aisle. Room #123 will be to your right, at the end of the aisle. Plenty of free parking, BUT only park "head in," to avoid being ticketed.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
